

COST ACTION 18114 ENTAN – European Non-Territorial Autonomy Network

Call for Dissemination Conference grants

For conferences occurring no later than 30 September 2022.

ENTAN – is a COST Action aimed at examining the concept of non-territorial autonomy (NTA). ENTAN particularly focuses on NTA arrangements for reducing inter-ethnic tensions within a state and on the accommodation of the needs of different communities while preventing calls to separate statehood. The main objective is to investigate the existing NTA mechanisms and policies and to develop new modalities for the accommodation of differences in the context of growing challenges stemming from globalisation, regionalisation and European supranational integration. The network fosters interdisciplinary and multidisciplinary group work, and provides for training and empowerment of young researchers, academic conferences and publications, as well as for the dissemination of results to policy makers, civil society organisations and communities.

ENTAN will provide for up to 2 dissemination conference grants under this call.

PURPOSE OF DISSEMINATION CONFERENCE GRANTS:

The grants are exclusively reserved for ENTAN members making an oral/poster conference presentation who receive support for presenting the work of the Action (activities and results) in a high-level conference.

Dissemination Conference grants are aimed to significantly increase the visibility of the Action in the research community, contribute to increasing visibility of the presenter and to attract additional participants and stakeholders; furthermore, it should disseminate Action results to relevant end-users at high profile Conferences in the field on a topic relevant to the Action.

FINANCIAL SUPPORT:

The following funding conditions apply and must be respected:

1. Up to a maximum of EUR 2000 in total can be afforded to each successful applicant for attending and presenting at an event/conference on site;
2. Up to a maximum of EUR 500 in total can be afforded to each successful applicant for participation and presentation in a virtual event/conference.
3. The amount awarded shall be based on estimation of reasonable costs depending on the country where the event/conference takes place, as well as the conference registration fees to be incurred by the selected grantee. COST rules on **daily allowance** can be an indicative criterion.

A Dissemination Conference grant is a fixed financial contribution, which takes into consideration the budget request of the applicant and the outcome of the evaluation of the application. This grant does not necessarily cover all of the expenses related to participating in a given conference. It is a contribution to the overall travel, accommodation, meal expenses and conference registration fees of the selected grantee. In addition, when meal and accommodation expenses or registrations fees are supported by the hosting institution as part of the provisions offered in their conference package, the amount afforded to each eligible participant must be deducted from the grant.
